- “FREE YOUNG” Program(飛雁專案)

“FREE YOUNG” Program is a women's entrepreneurship guidance program for the era of the new economy. ‘Free Young’ Program means ‘flying goose’ in Chinese. Geese flying in formation rely on the mutual support of the flock, taking it in turns to lead them to their territory, and battling against the elements to follow their natural calling. It hopes that women entrepreneurs will be like a flock of geese, encouraging each other, spreading their wings with the wind, and bravely flying towards their goals.
